SUMMARY SECTION

Aasgard Dividend Growth Small & Mid-Cap Fund (the “Fund”)

Investment Objectives

The Fund seeks a combination of dividend income and capital appreciation, with a secondary focus on lower than market volatility.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold No Load Shares of the Fund.

SHAREHOLDER FEES (fees paid directly from your investment)	None
ANNUAL FUND OPERATING EXPENSES (expenses that you pay each year as a percentage of the value of your investment)	
Management Fees	0.85%
Other Expenses	0.57%
Acquired Fund Fees and Expenses	<u>0.08%</u>
Total Annual Fund Operating Expenses ⁽¹⁾	1.50%
Less: Fee Waiver ⁽²⁾	<u>-0.17%</u>
Total Annual Fund Operating Expenses After Fee Waiver	<u>1.33%</u>

⁽¹⁾ Total Annual Fund Operating Expenses do not correlate to the Ratio of Operating Expenses to Average Net Assets Before Advisory Fee Waiver in the Financial Highlights section of the statutory prospectus, which reflects the operating expenses of the Fund and does not include expenses attributed to acquired fund fees and expenses (“AFFE”).

⁽²⁾ Coldstream Capital Management, Inc., marketed as, “Coldstream Wealth Management” (the “Advisor”) has contractually agreed to waive a portion or all of its management fees and pay Fund expenses in order to ensure Total Annual Fund Operating Expenses (excluding AFFE, taxes, interest expense and extraordinary expenses) do not exceed 1.25% of the Fund’s average daily net assets (the “Expense Cap”). The Expense Cap will remain in effect through at least July 28, 2019, and may be terminated only by the Board of Trustees (the “Board”) of the Trust. The Advisor may request recoupment of previously waived fees and expenses from the Fund for three years from the date they were waived or paid, subject to the Expense Cap.

Example. This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same (taking into account the Expense Cap only in the first year). Although your actual costs may be higher or lower, based on these assumptions your costs would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
\$135	\$457	\$802	\$1,776

Portfolio Turnover. The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 53% of the average value of its portfolio.

Principal Investment Strategies

Under normal market conditions, the Fund will invest at least 80% of its net assets (plus any borrowings for investment purposes) in dividend-paying common stocks of small- and medium-sized companies. The Fund invests primarily in the common stocks of domestic small and medium capitalization companies with market capitalizations under \$15 billion that the Advisor believes have strong growth potential and attractive dividend

and yield opportunities. The Fund may also invest up to 15% of its net assets in real estate investment trusts (“REITs”).

The Advisor employs a proprietary ranking system to evaluate the universe of U.S. small- and medium-sized capitalization companies that are traded on U.S. exchanges. Companies are ranked within their sectors according to the relative dividend yield, dividend growth, dividend consistency, valuation, free-cash flow, and payout ratio. Each stock considered for purchase must have (i) a current yield of at least 1.00% and (ii) issuer’s five year projected dividend growth rate of at least 5%. Holdings are reviewed for sale if they have fallen more than 10% since their purchase and may be replaced with stocks the Advisor believes have a higher potential for gain. This often has the additional benefit of realizing taxable losses that can be used to offset future realized gains. The Fund’s strategy strives to reduce volatility by limiting individual positions sizes to 5% of the Fund’s total assets and by limiting single industry exposure to less than 20% of the Fund’s total assets.

Target prices are developed for each security, but the Advisor does not have a strict sell discipline. The Advisor believes that in times of extreme market volatility, a strict sell discipline would require wholesale liquidations resulting in extremely large cash positions. Under most circumstances, the Advisor will not hold cash positions in excess of 15% of the Fund’s net assets in order to maintain participation in growth opportunities in the overall market but will consider cash positions in excess of this threshold under certain market or economic conditions.

Principal Investment Risks

Losing all or a portion of your investment is a risk of investing in the Fund. The following risks could affect the value of your investment:

- *Management Risk* – If the Advisor’s investment strategies do not produce the expected results, the value of the Fund may decrease.
- *Market and Regulatory Risk* – Events in the financial markets and economy may cause volatility and uncertainty and adversely impact the Fund’s performance. Market events may affect a single issuer, industry, sector, or the market as a whole. Traditionally liquid investments may experience periods of diminished liquidity. Governmental and regulatory actions, including tax law changes, may also impair portfolio management and have unexpected or adverse consequences on particular markets, strategies, or investments.
- *Equity Securities Risk* – The price of equity securities may rise or fall because of economic or political changes or changes in a company’s financial condition, sometimes rapidly or unpredictably. These price movements may result from factors affecting individual companies, sectors or industries selected for the Fund’s portfolio or the securities market as a whole, such as changes in economic or political conditions.
- *Small- and Medium-Sized Companies Risk* – Small- and medium-sized companies often have less predictable earnings, more limited product lines, markets, distribution channels or financial resources and the management of such companies may be dependent upon one or few key people. The market movements of equity securities of small- and medium-sized companies may be more abrupt and volatile than the market movements of equity securities of larger, more established companies or the stock market in general and small-sized companies in particular, are generally less liquid than the equity securities of larger companies.
- *Investment Style Risk* – The Fund’s investments in dividend-paying common stocks may cause the Fund to underperform funds that do not limit their investments to dividend-paying common stocks during periods when dividend-paying stocks underperform other types of stocks. In addition, if stocks held by the Fund reduce or stop paying dividends, the Fund’s ability to generate income may be affected.
- *Growth Stock Risk* – Over time, a growth oriented investing style may go in and out of favor, which may cause the Fund to underperform other equity funds that use different investing styles.

- *Real Estate Investment Trust (REIT) Risk* – Investments in REITs will be subject to the risks associated with the direct ownership of real estate. Risks commonly associated with the direct ownership of real estate include fluctuations in the value of underlying properties, defaults by borrowers or tenants, changes in interest rates and risks related to general or local economic conditions. REITs have their own expenses, and the Fund will bear a proportionate share of those expenses. In addition, the value of an individual REIT’s securities can decline if the REIT fails to continue qualifying for special tax treatment.

Performance

The following information provides some indication of the risks of investing in the Fund. The bar chart shows the annual return for the Fund for one year. The table shows how the Fund’s average annual returns for the 1-year and since inception periods compare with broad measures of market performance. The Fund’s past performance, before and after taxes, is not necessarily an indication of how the Fund will perform in the future. Updated performance information is available on the Fund’s website www.coldstream.com/mutual-fund-home or by calling the Fund toll-free at 1-877-476-1909.

Calendar Year Total Returns as of December 31,

The Fund’s calendar year-to-date return as of June 30, 2018 was 4.77%. During the period of time shown in the bar chart, the Fund’s highest quarterly return was 5.18% for the quarter ended December 31, 2017, and the lowest quarterly return was 2.72% for the quarter ended March 31, 2017.

Average Annual Total Returns

(For the period ended December 31, 2017)

	<u>1 Year</u>	<u>Since Inception</u> <u>(4/1/2016)</u>
Return Before Taxes	15.49%	17.97%
Return After Taxes on Distributions	14.17%	16.96%
Return After Taxes on Distributions and Sale of Fund Shares	9.24%	13.65%
S&P MidCap® 400 Index	16.24%	18.51%
<i>(reflects no deduction for fees, expenses or taxes)</i>		

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on your situation and may differ from those shown. Furthermore, the after-tax returns shown are not relevant to those who hold their shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts (“IRAs”).

Management

Investment Advisor. Coldstream Capital Management, Inc., marketed as, “Coldstream Wealth Management” is the Fund’s investment advisor.

Portfolio Manager. James Walsh, CFA®, Portfolio Manager, is the portfolio manager primarily responsible for the day-to-day management of the Fund. Mr. Walsh has managed the Fund since its inception in April 2016.

Purchase and Sale of Fund Shares

You may purchase or redeem Fund shares on any business day by written request via mail (Aasgard Dividend Growth Small & Mid Cap Fund, c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, WI 53201-0701), by telephone at 1-877-476-1909, or through a financial intermediary. You may also purchase or redeem Fund shares by wire transfer. Investors who wish to purchase or redeem Fund shares through a financial intermediary should contact the financial intermediary directly. The minimum initial and subsequent investment amounts are shown below.

<u>Type of Account</u>	<u>To Open Your Account</u>	<u>To Add to Your Account</u>
Regular Accounts	\$2,500	\$500
Individual Retirement Accounts (“IRAs”) (Traditional, Roth, SEP, and SIMPLE IRAs)	\$2,500	\$500

Tax Information

The Fund’s distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account (“IRA”). Distributions on investments made through tax-deferred arrangements may be taxed later upon withdrawal of assets from those accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase the Fund through a broker-dealer or other financial intermediary, the Fund and/or the Advisor may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

INVESTMENT OBJECTIVES, PRINCIPAL INVESTMENT STRATEGIES AND RELATED RISKS

Investment Objective and Principal Investment Strategies

The Fund's investment objective is to seek a combination of dividend income and capital appreciation, with a focus on lower than market volatility. The Fund's investment objective, including its policy of investing at least 80% of the value of its net assets in the particular type of investments suggested by the Fund's name, is a non-fundamental policy and can be changed upon approval by the Board without shareholder approval. If the Fund's investment objective changes, or if its 80% policy changes, the Fund will provide 60 days' prior written notice to shareholders before implementing the changes and shareholders should consider whether the Fund remains an appropriate investment in light of the changes. There can be no assurance that the Fund will achieve its investment objective.

Under normal market conditions, the Fund will invest at least 80% of its net assets (plus any borrowings for investment purposes) in dividend-paying common stocks of small- and medium-sized companies. The Fund invests primarily in the common stocks of domestic small and medium capitalization companies with market capitalizations under \$15 billion that the Advisor believes have strong growth potential and attractive dividend and yield opportunities. The Fund may also invest up to 15% of its net assets in REITs.

The Advisor employs a proprietary ranking system to evaluate the universe of U.S. small- and medium-sized capitalization companies that are traded on U.S. exchanges. Companies are ranked within their sectors according to the relative dividend yield, dividend growth, dividend consistency, valuation, free-cash flow, and payout ratio. Each stock considered for purchase must have (i) a current yield of at least 1.00% and (ii) issuer's five year projected dividend growth rate of at least 5%. Holdings are reviewed for sale if they have fallen more than 10% since their purchase and may be replaced with stocks the Advisor believes have a higher potential for gain. This often has the additional benefit of realizing taxable losses that can be used to offset future realized gains. The Fund's strategy strives to reduce volatility by limiting individual positions sizes to 5% of the Fund's total assets and by limiting single industry exposure to less than 20% of the Fund's total assets.

Target prices are developed for each security, but the Advisor does not have a strict sell discipline. The Advisor believes that in times of extreme market volatility, a strict sell discipline would require wholesale liquidations resulting in extremely large cash positions. Under most circumstances, the Advisor will not hold cash positions in excess of 15% of the Fund's net assets in order to maintain participation in growth opportunities in the overall market but will consider cash positions in excess of this threshold under certain market or economic conditions.

Cash or Temporary Investments

Under normal circumstances, cash and cash equivalent securities will typically comprise no more than 15% of the Fund's net assets. However, the Fund may invest in excess of 15% of its net assets in cash, cash equivalents, and high-quality, short-term debt securities and money market instruments for temporary defensive purposes in response to adverse market, economic or political conditions.

This may result in the Fund not achieving its investment objective and the Fund's performance may be negatively affected as a result. To the extent that the Fund uses money market funds for its cash positions, there will be some duplication of expenses because the Fund would bear its pro rata portion of such money market fund's management fees and operational expenses.

Principal Risks

The principal risks of investing in the Fund that may adversely affect the Fund's net asset value ("NAV") or total return were previously summarized and are discussed in more detail below. There can be no assurance that the Fund will achieve its investment objective.

Management Risk. The skill of the Advisor plays a significant role in the Fund's ability to achieve its investment objective. The Fund's ability to achieve its investment objective depends on the ability of the Advisor to correctly identify economic trends, especially with regard to accurately forecasting projected dividend and growth rates and inflationary and deflationary periods. In addition, the Fund's ability to achieve its investment objective depends on the Advisor's ability to select stocks, particularly in volatile stock markets. The Advisor could be incorrect in its analysis of industries, companies' projected dividends and growth rates and the relative attractiveness of growth and value stocks and other matters.

Market and Regulatory Risk. Events in the financial markets and economy may cause volatility and uncertainty and adversely affect performance. Such adverse effect on performance could include a decline in the value and liquidity of securities held by the Fund, unusually high and unanticipated levels of redemptions, an increase in portfolio turnover, a decrease in NAV, and an increase in Fund expenses. It may also be unusually difficult to identify both investment risks and opportunities, in which case investment goals may not be met. Market events may affect a single issuer, industry, sector, or the market as a whole. In addition, because of interdependencies between markets, events in one market may adversely impact markets or issuers in which the Fund invests in unforeseen ways. Traditionally liquid investments may experience periods of diminished liquidity. During a general downturn in the financial markets, multiple asset classes may decline in value and the Fund may lose value, regardless of the individual results of the securities and other instruments in which the Fund invests. It is impossible to predict whether or for how long such market events will continue, particularly if they are unprecedented, unforeseen or widespread events or conditions. Therefore it is important to understand that the value of your investment may fall, sometimes sharply and for extended periods, and you could lose money. Governmental and regulatory actions, including tax law changes, may also impair portfolio management and have unexpected or adverse consequences on particular markets, strategies, or investments.

Equity Securities Risk. The Fund is designed for long-term investors who can accept the risks of investing in a portfolio with significant common stock holdings. Common stocks tend to be more volatile than other investment choices such as bonds and money market instruments. The value of the Fund's shares will fluctuate as a result of the movement of the overall stock market or of the value of the individual securities held by the Fund, and you could lose money. The risks that could affect the value of the Fund's shares and the total return on your investment include the possibility that the equity securities, such as common stocks, held by the Fund will experience sudden, unpredictable drops in value or long periods of decline in value. This fluctuation may occur because of factors that affect the securities market generally, such as adverse changes in: economic conditions, the general outlook for corporate earnings, interest rates, or investor sentiment. Equity securities may also lose value because of factors affecting an entire industry or sector, such as increases in production costs, or factors directly related to a specific company, such as decisions made by its management.

Growth Stock Risk. Growth stocks can perform differently from the market as a whole and from other types of stocks. Growth stocks may be designated as such and purchased based on the premise that the market will eventually reward a given company's long-term earnings growth with a higher stock price when that company's earnings grow faster than both inflation and the economy in general. Thus, a growth style investment strategy attempts to identify companies whose earnings may or are growing at a rate faster than inflation and the economy. While growth stocks may react differently to issuer, political, market and economic developments than the market as a whole and other types of stocks by rising in price in certain environments, growth stocks also tend to be sensitive to changes in the earnings of their underlying companies and more volatile than other types of stocks, particularly over the short term. Furthermore, growth stocks may be more expensive relative to their current earnings or assets compared to the values of other stocks, and if earnings growth expectations moderate, their valuations may return to more typical norms, causing their stock prices to fall. Finally, during periods of adverse economic and market conditions, the stock prices of growth stocks may fall despite favorable earnings trends.

Investment Style Risk. The Fund primarily invests in dividend-paying common stocks. This may cause the Fund to underperform funds that do not limit their investments to dividend-paying common stocks during periods when

dividend-paying stocks underperform other types of stocks. In addition, if stocks held by the Fund reduce or stop paying dividends, the Fund's ability to generate income may be affected. Dividend-paying common stocks tend to go through cycles of doing better (or worse) than the stock market in general. These periods have, in the past, lasted for as long as several years.

REIT Risk. Investments in REITs will be subject to the risks associated with the direct ownership of real estate. Risks commonly associated with the direct ownership of real estate include fluctuations in the value of underlying properties, defaults by borrowers or tenants, changes in interest rates and risks related to general or local economic conditions. REITs are more dependent upon specialized management skills, have limited diversification and are, therefore, generally dependent on their ability to generate cash flow to make distributions to shareholders. REITs are subject to complex tax qualification and compliance rules. In addition, REITs have their own expenses, and the Fund will indirectly bear a proportionate share of those expenses.

Small- and Medium-Sized Companies Risk. The securities of smaller or medium-sized companies may be subject to more abrupt or erratic market movements than securities of larger-sized companies or the market averages in general. In addition, such companies typically are subject to a greater degree of change in earnings and business prospects than are larger companies. Thus, to the extent the Fund invests in smaller or medium-sized companies, the Fund may be subject to greater investment risk than that assumed through investment in the equity securities of larger-sized companies.

PORTFOLIO HOLDINGS INFORMATION

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's Statement of Additional Information ("SAI"). Currently, disclosure of the Fund's holdings is required to be made quarterly within 60 days of the end of each fiscal quarter in the annual report and semi-annual report to Fund shareholders and in the quarterly holdings report on Form N-Q. The annual and semi-annual reports are available by contacting the Aasgard Dividend Growth Small & Mid- Cap Fund, c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701, or calling 1-877-476-1909 and on the SEC's website at www.sec.gov.

MANAGEMENT OF THE FUND

Investment Advisor

Coldstream Capital Management, Inc., marketed as, "Coldstream Wealth Management" is the Fund's investment advisor and is located at One – 100th Avenue NE, Suite 102, Bellevue, Washington 98004. The Advisor is an SEC-registered investment advisory firm formed in 1996 providing investment management services to institutions, individuals, high net worth individuals, charitable organizations, pension and profit sharing plans and other pooled investment vehicles.

The Advisor is responsible for the day-to-day management of the Fund in accordance with the Fund's investment objective and policies. The Advisor also furnishes the Fund with office space and certain administrative services and provides most of the personnel needed to fulfill its obligations under its advisory agreement. For its services, the Advisor is entitled to receive a monthly management fee that is calculated at the annual rate of 0.85% of the Fund's average daily net assets. For the fiscal year ended March 31, 2018, the Advisor received 0.68% in management fees from the Fund, after waivers.

A discussion regarding the basis of the Trust's Board of Trustees' (the "Board") approval of the Investment Advisory Agreement is available in the Fund's semi-annual report to shareholders for the fiscal year ended March 31, 2018.

The Fund, as a series of the Trust, does not hold itself out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment advisor with any other series.

Portfolio Manager

James Walsh, CFA[®], *Portfolio Manager*

Mr. Walsh joined the Advisor in 2006 and has managed the Fund since April 2016. Mr. Walsh has 18 years of experience in the investment management industry. Mr. Walsh received his Bachelor of Arts degree in Political Science from California State University, San Marcos and received his Masters in Business Administration degree from the University of California, Irvine.

The SAI provides additional information about the portfolio manager’s compensation, other accounts managed by the portfolio manager and his ownership of securities in the Fund.

Similarly Managed Account Performance

The Fund is managed in a manner that is substantially similar to certain other accounts (the “Composite”) managed by the Advisor. The Composite has investment objectives, policies, strategies and risks substantially similar to those of the Fund. The individuals responsible for the management of the Composite are the same individuals responsible for the management of the Fund. **You should not consider the past performance of the Composite as indicative of the future performance of the Fund.**

The following table sets forth performance data relating to the historical performance of the Composite which represents all accounts managed by the Advisor, for the periods indicated, in a substantially similar manner to the portfolio of the Fund. The data is provided to illustrate the past performance of the Advisor and portfolio managers in managing substantially similar accounts as measured against appropriate indices, and does not represent the performance of the Fund. The Composite shown is not subject to the same types of expenses to which the Fund is subject, the Composite is rebalanced differently and less frequently than the Fund which will affect, among other things, transactions costs and may affect the comparability of performance, nor is the Composite subject to the diversification requirements, specific tax restrictions and investment limitations imposed on the Fund by the 1940 Act or Subchapter M of the Code. Consequently, the performance results for the Composite expressed below could have been adversely affected if it had been regulated as an investment company under the federal securities laws.

Performance Results	Average Annual Returns for the Periods Ended December 31, 2017 ⁽¹⁾	
	1 Year	Since Inception (1/1/2014)
Coldstream Dividend Growth Small & Midcap Composite (<i>gross of fees</i>)	17.37%	13.15%
Coldstream Dividend Growth Small & Midcap Composite (<i>net of fees</i>)	16.37%	12.15%
S&P 500 [®] Index ⁽²⁾	21.84%	12.13%
S&P 600 SmallCap 600 [®] Index ⁽³⁾	13.23%	11.75%
S&P 400 MidCap 400 [®] Index ⁽⁴⁾	16.24%	11.65%

⁽¹⁾ As of December 31, 2017, the Composite was comprised of 69 accounts with approximately \$33,400,000 in assets.

⁽²⁾ The S&P 500[®] Index is an unmanaged capitalization-weighted index of 500 stocks designed to represent the broad domestic market. The Index includes the reinvestment of dividends.

⁽³⁾ The S&P SmallCap 600[®] Index measures the small-cap segment of the U.S. equity market. The index is designed to track companies that meet specific inclusion criteria to ensure that they are liquid and financially viable.

⁽⁴⁾ The S&P MidCap 400[®] Index provides investors with a benchmark for mid-sized companies. The index, which is distinct from the large-cap S&P 500[®], measures the performance of mid-sized companies, reflecting the distinctive risk and return characteristics of this market segment.

The management fee and operating expenses charged to institutional separate accounts in the Composite are 1.00% on the first \$5 million, 0.85% on the next \$10 million, 0.75% on the next \$10 million and after \$25 million the fees are negotiable. The performance results shown are both gross and net of all fees. The fees of the Composite differ from the fees of the Fund. The fees and expenses associated with an investment in the Composite are lower than the fees and expenses (after taking into account the Expense Cap) associated with an investment in the Fund, so that if the Composite's expenses were adjusted for these Fund expenses, its performance would have been lower.

Fund Expenses

The Fund is responsible for its own operating expenses. However, the Advisor has contractually agreed to waive all or a portion of its management fees and pay Fund expenses in order to limit the Fund's aggregate annual operating expenses (excluding AFFE, taxes, interest expense and extraordinary expenses) to 1.25% of average daily net assets (the "Expense Cap") through at least July 28, 2019. The term of the Fund's operating expense limitation agreement is indefinite, and it can only be terminated by the Board. The Advisor may request recoupment of previously waived fees and paid expenses in any subsequent month in the three-year period from the date of the management fee reduction and expense payment if the aggregate amount actually paid by the Fund toward the operating expenses for such fiscal year (taking into account the reimbursement) will not cause the Fund to exceed the lesser of: (1) the expense limitation in place at the time of the management fee reduction and expense payment; or (2) the expense limitation in place at the time of the reimbursement. Any such recoupment is contingent upon the subsequent review and approval of the recouped amounts by the Board.

DISTRIBUTION OF FUND SHARES

Distributor

Quasar Distributors, LLC (the "Distributor" or "Quasar"), an affiliate of the Fund's transfer agent, U.S. Bancorp Fund Services, LLC (the "Transfer Agent"), is located at 777 East Wisconsin Avenue, 6th floor, Milwaukee, Wisconsin 53202, and is the distributor for the shares of the Fund. Quasar is a registered broker-dealer and a member of the Financial Industry Regulatory Authority, Inc. Shares of the Fund are offered on a continuous basis.

Service Fees – Other Payments to Third Parties

The Fund may pay service fees to intermediaries such as banks, broker-dealers, financial advisors or other financial institutions, including affiliates of the Advisor, for sub-administration, sub-transfer agency and other shareholder services associated with shareholders whose shares are held of record in omnibus, other group accounts or accounts traded through registered securities clearing agents.

The Fund has policies and procedures in place for the monitoring of payments to broker-dealers and other financial intermediaries for the following non-distribution activities: sub-transfer agent, administrative, and other shareholder services.

The Advisor, out of its own resources, and without additional cost to the Fund or its shareholders, may provide additional cash payments or non-cash compensation to intermediaries who sell shares of the Fund. These additional cash payments are generally made to intermediaries that provide shareholder servicing, marketing support and/or access to sales meetings, sales representatives and management representatives of the intermediary. Cash compensation may also be paid to intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list, in other sales programs or as an expense reimbursement in cases where the intermediary provides shareholder services to the Fund's shareholders. The Advisor may also pay cash compensation in the form of finder's fees that vary depending on the dollar amount of the shares sold.

SHAREHOLDER INFORMATION

Pricing of Fund Shares

Shares of the Fund are sold at NAV per share, which is calculated as of the close of regular trading (generally, 4:00 p.m., Eastern Time) on each day that the New York Stock Exchange (“NYSE”) is open for unrestricted business. However, the Fund’s NAV may be calculated earlier if trading on the NYSE is restricted or as permitted by the SEC. The NYSE is closed on weekends and most national holidays, including New Year’s Day, Martin Luther King, Jr. Day, Washington’s Birthday/Presidents’ Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The NAV will not be calculated on days when the NYSE is closed for trading.

Purchase and redemption requests are priced at the next NAV per share calculated after receipt of such requests. The NAV is the value of the Fund’s securities, cash and other assets, minus all expenses and liabilities (assets – liabilities = NAV). NAV per share is determined by dividing NAV by the number of shares outstanding (NAV/ # of shares = NAV per share). The NAV takes into account the expenses and fees of the Fund, including management and administration fees, which are accrued daily.

In calculating the NAV, portfolio securities are valued using current market values or official closing prices, if available. Each security owned by the Fund that is listed on a securities exchange is valued at its last sale price on that exchange on the date as of which assets are valued. Where the security is listed on more than one exchange, the Fund will use the price of the exchange that the Fund generally considers to be the principal exchange on which the security is traded.

When market quotations are not readily available, a security or other asset is valued at its fair value as determined under procedures approved by the Board. These fair value procedures will also be used to price a security when corporate events, events in the securities market and/or world events cause the Advisor to believe that a security’s last sale price may not reflect its actual market value. The intended effect of using fair value pricing procedures is to ensure that the Fund is accurately priced. The Board will regularly evaluate whether the Fund’s fair valuation pricing procedures continue to be appropriate in light of the specific circumstances of the Fund and the quality of prices obtained through their application by the Trust’s Valuation Committee.

Trading in Foreign Securities. In the case of foreign securities, the occurrence of certain events after the close of foreign markets, but prior to the time the Fund’s NAV per share is calculated (such as a significant surge or decline in the U.S. or other markets) often will result in an adjustment to the trading prices of foreign securities when foreign markets open on the following business day. If such events occur, the Fund will value foreign securities at fair value, taking into account such events, in calculating the NAV per share. In such cases, use of fair valuation can reduce an investor’s ability to seek to profit by estimating the Fund’s NAV per share in advance of the time the NAV per share is calculated. The Advisor anticipates that the Fund’s portfolio holdings will be fair valued when market quotations for those holdings are considered unreliable.

How to Purchase Fund Shares

You may purchase shares of the Fund by check, by wire transfer, via electronic funds transfer through the Automated Clearing House (“ACH”) network, provided your bank is a member, or through one or more brokers authorized by the Fund to receive purchase orders. If you have any questions or need further information about how to purchase shares of the Fund, you may call a customer service representative of the Fund toll-free at 1-877-476-1909. The Fund reserves the right to reject any purchase order. For example, a purchase order may be refused if, in the Advisor’s opinion, it is so large that it would disrupt the management of the Fund. Orders may also be rejected from persons believed by the Fund to be “market timers.”

All checks must be in U.S. dollars drawn on a domestic financial institution. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, U.S. Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks or any conditional order or payment.

To buy shares of the Fund, complete an account application and send it together with your check for the amount you wish to invest in the Fund to the address below. To make additional investments once you have opened your account, write your account number on the check and send it together with the remittance stub from the most recent confirmation statement received from the Transfer Agent. If your payment is returned for any reason, your purchase will be canceled and a \$25 fee will be assessed against your account by the Transfer Agent. You may also be responsible for any loss sustained by the Fund.

In addition to cash purchases, Fund shares may be purchased by tendering payment in-kind in the form of shares of stock, bonds or other securities. Any securities used to buy Fund shares must be readily marketable, their acquisition consistent with the applicable Fund's investment objective and otherwise acceptable to the Advisor and the Board. For further information, you may call a customer service representative of the Fund toll-free at 1-877-476-1909.

In compliance with the USA PATRIOT Act of 2001, please note that the Transfer Agent will verify certain information on your account application as part of the Trust's Anti-Money Laundering Program. As requested on the account application, you must supply your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. Mailing addresses containing only a P. O. Box will not be accepted. Please contact the Transfer Agent at 1-877-476-1909 if you need additional assistance when completing your account application.

If the Transfer Agent does not have a reasonable belief of the identity of an investor, the account application will be rejected or the investor will not be allowed to perform a transaction on the account until such information is received. The Fund may also reserve the right to close the account within five business days if clarifying information/documentation is not received.

Shares of the Fund have not been registered for sale outside of the United States. The Trust generally does not sell shares to investors residing outside of the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses.

Purchasing Shares by Mail

Please complete the account application and mail it with your check, payable to the ***Aasgard Dividend Growth Small & Mid-Cap Fund***, to the Transfer Agent at the following address:

Aasgard Dividend Growth Small & Mid-Cap Fund
c/o U.S. Bancorp Fund Services, LLC
P.O. Box 701
Milwaukee, Wisconsin 53201-0701

You may not send an account application via overnight delivery to a United States Postal Service post office box. The Fund does not consider the U.S. Postal Service or other independent delivery services to be their agents. Therefore, a deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC's post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices. If you wish to use an overnight delivery service, send your account application and check to the Transfer Agent at the following address:

Aasgard Dividend Growth Small & Mid-Cap Fund
c/o U.S. Bancorp Fund Services, LLC
615 East Michigan Street, 3rd Floor
Milwaukee, Wisconsin 53202

Purchasing Shares by Telephone

If you have been authorized to perform telephone transactions (either by completing the required portion of your account application or by subsequent arrangement in writing with the Fund), and your account has been open for at least 15 calendar days, you may purchase additional shares by calling the Fund toll-free at 1-877-476-1909. You may not make your initial purchase of the Fund shares by telephone. Telephone orders will be accepted via electronic funds transfer from your pre-designated bank account through the ACH network. You must have banking information established on your account prior to making a telephone purchase. Only bank accounts held at domestic institutions that are ACH members may be used for telephone transactions. If your order is received prior to 4:00 p.m., Eastern Time, shares will be purchased at the NAV next calculated. For security reasons, requests by telephone may be recorded. Once a telephone transaction has been placed, it cannot be cancelled or modified after the close of regular trading on the NYSE (generally 4:00 p.m., Eastern Time).

Purchasing Shares by Wire

If you are making your initial investment in the Fund, the Transfer Agent must have previously received a completed account application before you can send in your wire purchase. You can mail or overnight deliver your account application to the Transfer Agent at the above address. Upon receipt of your completed account application, the Transfer Agent will establish an account on your behalf. Once your account is established, you may instruct your bank to send the wire. Your bank must include the name of the Fund, your name and your account number so that monies can be correctly applied. Your bank should transmit immediately available funds by wire to:

U.S. Bank National Association
777 East Wisconsin Avenue
Milwaukee, Wisconsin 53202
ABA No. 075000022
Credit: U.S. Bancorp Fund Services, LLC
A/C No. 112-952-137
FFC: [Name of the Fund]
Shareholder Registration
Shareholder Account Number

If you are making a subsequent purchase, your bank should wire funds as indicated above. Before each wire purchase, you should be sure to notify the Transfer Agent. *It is essential that your bank include complete information about your account in all wire transactions.* If you have questions about how to invest by wire, you may call the Transfer Agent at 1-877-476-1909. Your bank may charge you a fee for sending a wire payment to the Fund.

Wired funds must be received prior to 4:00 p.m., Eastern Time to be eligible for same day pricing. Neither the Fund nor U.S. Bank N.A. is responsible for the consequences of delays resulting from the banking or Federal Reserve wire system or from incomplete wiring instructions.

Automatic Investment Plan

Once your account has been opened with the initial minimum investment, you may make additional purchases of shares at regular intervals through the Automatic Investment Plan (“AIP”). The AIP provides a convenient method to have monies deducted from your bank account, for investment into the Fund, on a monthly or quarterly basis. In order to participate in the AIP, each purchase must be in the amount of \$100 or more and your financial

institution must be a member of the ACH network. If your bank rejects your payment, the Transfer Agent will charge a \$25 fee to your account. To begin participating in the AIP, please complete the Automatic Investment Plan section on the account application or call the Transfer Agent at 1-877-476-1909. Any request to change or terminate your AIP should be submitted to the Transfer Agent at least five calendar days prior to the automatic investment date.

Retirement Accounts

The Fund offers prototype documents for a variety of retirement accounts for individuals and small businesses. Please call 1-877-476-1909 for information on:

- Individual Retirement Plans, including Traditional IRAs and Roth IRAs.
- Small Business Retirement Plans, including Simple IRAs and SEP IRAs.

There may be special distribution requirements for a retirement account, such as required distributions or mandatory Federal income tax withholdings. For more information, call the number listed above. You may be charged a \$15 annual account maintenance fee for each retirement account up to a maximum of \$30 annually and a \$25 fee for transferring assets to another custodian or for closing a retirement account. Fees charged by institutions may vary.

Purchasing and Selling Shares through a Broker

You may buy and sell shares of the Fund through certain brokers and financial intermediaries (and their agents) (collectively, “Brokers”) that have made arrangements with the Fund to sell its shares. When you place your order with such a Broker, your order is treated as if you had placed it directly with the Transfer Agent, and you will pay or receive the next price calculated by the applicable Fund. Brokers may be authorized by the Fund’s principal underwriter to designate other brokers and financial intermediaries to accept orders on the Fund’s behalf. An order is deemed to be received when the Fund, a Broker or, if applicable, a Broker’s authorized designee accepts the order. The Broker holds your shares in an omnibus account in the Broker’s name, and the Broker maintains your individual ownership records. The Advisor may pay the Broker for maintaining these records as well as providing other shareholder services. The Broker may charge you a fee for handling your order. The Broker is responsible for processing your order correctly and promptly, keeping you advised regarding the status of your individual account, confirming your transactions and ensuring that you receive copies of the Fund’s Prospectus.

How to Sell Fund Shares

You may sell (redeem) your Fund shares on any day the Fund and the NYSE are open for business either directly to the Fund or through your financial intermediary.

In Writing

You may redeem your shares by simply sending a written request to the Transfer Agent. You should provide your account number and state whether you want all or some of your shares redeemed. The letter should be signed by all of the shareholders whose names appear on the account registration and include a signature guarantee(s), if necessary. No redemption requests will become effective until all documents have been received in good order by the Transfer Agent. “Good order” means your redemption request includes: (1) the name of the Fund, (2) the number of shares or dollar amount to be redeemed, (3) the account number and (4) signatures by all of the shareholders whose names appear on the account registration. Shareholders who have an IRA or other retirement plan must indicate on their redemption request whether to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding. You should send your redemption request to:

Regular Mail

Asgard Dividend Growth Small & Mid-Cap Fund
c/o U.S. Bancorp Fund Services, LLC
P.O. Box 701
Milwaukee, Wisconsin 53201-0701

Overnight Express Mail

Asgard Dividend Growth Small & Mid-Cap Fund
c/o U.S. Bancorp Fund Services, LLC
615 East Michigan Street, 3rd Floor
Milwaukee, Wisconsin 53202

NOTE: The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, a deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC's post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of redemption requests is based on when the order is received at the Transfer Agent's office.

By Telephone

If you accepted telephone options on your account application, you may redeem your shares, up to \$50,000, by calling the Transfer Agent at 1-877-476-1909 before the close of trading on the NYSE (which is generally 4:00 p.m., Eastern Time). Telephone redemptions cannot be made if you notified the Transfer Agent of a change of address within 15 calendar days before the redemption request. If you have a retirement account, you may not redeem your shares by telephone. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.

You may request telephone redemption privileges after your account is opened by calling the Transfer Agent at 1-877-476-1909 for instructions.

You may encounter higher than usual call wait times during periods of high market activity. Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to market close. If you are unable to contact the Fund by telephone, you may mail your redemption request in writing to the address noted above. Once a telephone transaction has been accepted, it may not be canceled or modified after the close of regular trading on the NYSE (generally 4:00 p.m., Eastern Time).

Redemption proceeds can be sent by check to the address of record or via ACH to a previously established bank account. If you request, redemption proceeds will be wired on the next business day to the bank account you designated on the account application. If you did not purchase your shares with a wire payment, the Fund may delay payment of your redemption proceeds for up to 15 calendar days from purchase or until your payment for the purchase cleared, whichever occurs first. The minimum amount that may be wired is \$1,000. A wire fee of \$15 will be deducted from your redemption proceeds for complete and share specific redemptions. In the case of a partial redemption, the fee will be deducted from the remaining account balance.

Systematic Withdrawal Plan

As another convenience, you may redeem your shares through the Systematic Withdrawal Plan ("SWP"). Under the SWP, shareholders or their financial intermediaries may request that a payment drawn in a predetermined amount be sent to them on a monthly, quarterly or annual basis. In order to participate in the SWP, your account balance must be at least \$5,000 and each withdrawal amount must be for a minimum of \$100. If you elect this method of redemption, the Fund will send a check directly to your address of record or will send the payment directly to your bank account via electronic funds transfer through the ACH network. For payment through the ACH network, your bank must be an ACH member and your bank account information must be previously established on your account. The SWP may be terminated at any time by the Fund. You may also elect to terminate your participation in the SWP by communicating in writing or by telephone to the Transfer Agent no later than five calendar days before the next scheduled withdrawal at the addresses shown above or at 1-877-476-1909.

A withdrawal under the SWP involves a redemption of shares and may result in a gain or loss for federal income tax purposes. In addition, if the amount withdrawn exceeds the dividends credited to your account, the account ultimately may be depleted. To establish a SWP, an investor must complete the appropriate sections of the account application. For additional information on the SWP, please call the Transfer Agent at 1-877-476-1909.

Redemption “In-Kind”

The Fund reserves the right to pay redemption proceeds to you in whole or in part by a distribution of securities from the Fund’s portfolio (a “redemption in-kind”). It is not expected that the Fund would do so except during unusual market conditions. If the Fund pays your redemption proceeds by a distribution of securities, you could incur brokerage or other charges in converting the securities to cash and will bear any market risks associated with such securities until they are converted into cash. A redemption, whether in cash or in-kind, is a taxable event for you.

Signature Guarantees

Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program. *A notary public is not an acceptable signature guarantor.*

A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required in the following situations:

- When ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account address has changed within the last 15 calendar days; and
- For all redemptions in excess of \$50,000 from any shareholder account.

Non-financial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member or other acceptable form of authentication from a financial institution source.

In addition to the situations described above, the Fund and/or the Transfer Agent may require a signature guarantee or signature validation program stamp in other instances based on the facts and circumstances.

Payment of Redemption Proceeds

Generally, the Fund typically expects that it will take one to three days following the receipt of your redemption request to pay out redemption proceeds; however, while not expected, payment of redemption proceeds may take up to seven days. As described above, you may receive proceeds of your sale in a check, ACH, or federal wire transfer.

The Fund typically expects that it will hold cash or cash equivalents to meet redemption requests. The Fund may also use the proceeds from the sale of portfolio securities to meet redemption requests if consistent with the management of the Fund. These redemption methods will be used regularly and may also be used in unusual market conditions. The Fund may delay paying redemption proceeds for up to seven calendar days after receiving a request, if an earlier payment could adversely affect the Fund.

The Fund reserves the right to redeem in-kind as described above. Redemptions in-kind are typically used to meet redemption requests that represent a large percentage of a Fund’s net assets in order to minimize the effect of

large redemptions on the fund and its remaining shareholders. As noted, redemptions in-kind are typically used in unusual market conditions.

Other Information about Redemptions

The Fund may redeem the shares in your account if the value of your account is less than \$2,500 as a result of redemptions you have made. This does not apply to retirement plan accounts. You will be notified that the value of your account is less than \$2,500 before the Fund makes an involuntary redemption. You will then have 30 days in which to make an additional investment to bring the value of your account to at least \$2,500 before the Fund takes any action.

General Transaction Policies

Some of the following policies are mentioned above. In general, the Fund reserves the right to:

- Refuse, change, discontinue, or temporarily suspend account services, including telephone purchase or telephone redemption privileges, for any reason;
- Reject any purchase request for any reason. Generally, the Fund does this if the purchase is disruptive to the efficient management of the Fund (due to the timing of the investment or an investor's history of excessive trading);
- Redeem all shares in your account if your balance falls below the Fund's minimum initial investment requirement due to redemption activity. If, within 30 days of the Fund's written request, you have not increased your account balance, you may be required to redeem your shares. The Fund will not require you to redeem shares if the value of your account drops below the investment minimum due to fluctuations of NAV; and
- Reject any purchase or redemption request that does not contain all required documentation.

Additionally, the Fund's minimum investment requirements may be waived from time to time by the Advisor, and for the following types of shareholders:

- current and retired employees, directors/trustees and officers of the Trust, the Advisor and its affiliates and certain family members of each of them (*i.e.*, spouse, domestic partner, child, parent, sibling, grandchild and grandparent, in each case including in-law, step and adoptive relationships);
- any trust, pension, profit sharing or other benefit plan for current and retired employees, directors/trustees and officers of the Advisor and its affiliates;
- current employees of the Transfer Agent, broker-dealers who act as selling agents for the Fund, intermediaries that have marketing agreements in place with the Advisor and the immediate family members of any of them;
- existing clients of the Advisor, their employees and immediate family members of such employees;
- registered investment advisers who buy through a broker-dealer or service agent who has entered into an agreement with the Distributor;
- qualified broker-dealers who have entered into an agreement with the Distributor; and
- 401(k) plans or other tax-deferred retirement plans.

Fund Mailings

Statements and reports that the Fund sends to you include the following:

- confirmation statements (after every transaction that affects your account balance or your account registration);
- annual and semi-annual shareholder reports (every six months); and

- quarterly account statements.

Householding

In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses, annual and semi-annual reports, proxy statements and other similar documents you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Transfer Agent reasonably believes are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-877-476-1909 to request individual copies of these documents. Once the Transfer Agent receives notice to stop householding, the Transfer Agent will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

Lost Shareholders, Inactive Accounts and Unclaimed Property. It is important that the Fund maintain a correct address for each shareholder. An incorrect address may cause a shareholder's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then it will determine whether the shareholder's account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the "inactivity period" specified in your state's abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The shareholder's last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent toll-free at 1-877-476-1909 at least annually to ensure your account remains in active status.

If you are a resident of the state of Texas, you may designate a representative to receive notifications that, due to inactivity, your mutual fund account assets may be delivered to the Texas Comptroller. Please contact the Transfer Agent if you wish to complete a Texas Designation of Representative form.

DIVIDENDS AND DISTRIBUTIONS

The Fund will make distributions of dividends from net investment income on a quarterly basis, typically in March, June, September and December. The Fund will make distributions of capital gains, if any, on an annual basis. The Fund may make an additional payment of dividends or distributions of capital gains if it deems it desirable at any other time of the year.

All distributions will be reinvested in Fund shares unless you choose one of the following options: (1) receive dividends in cash while reinvesting capital gain distributions in additional Fund shares; (2) reinvest dividends in additional Fund shares and receive capital gains in cash; or (3) receive all distributions in cash. Reinvestment of distributions does not avoid or defer taxable income to you.

If you elect to receive distributions in cash and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current NAV per share, and to reinvest all subsequent distributions. If you wish to change your distribution option, notify the Transfer Agent in writing or by telephone at least five (5) calendar days in advance of the payment date for the distribution.

Any dividend or capital gain distribution paid by the Fund has the effect of reducing the NAV per share on the ex-dividend date by the amount of the dividend or capital gain distribution. You should note that a dividend or capital gain distribution paid on shares purchased shortly before that dividend or capital gain distribution was declared will be subject to income taxes even though the dividend or capital gain distribution represents, in an economic sense, a partial return of capital to you.

TOOLS TO COMBAT FREQUENT TRANSACTIONS

The Board has adopted policies and procedures to prevent frequent transactions in the Fund. The Fund discourages excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm the Fund's performance. The Fund takes steps to reduce the frequency and effect of these activities in the Fund. These steps include monitoring trading practices and using fair value pricing. Although these efforts (which are described in more detail below) are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity may occur. Further, while the Fund makes efforts to identify and restrict frequent trading, the Fund receives purchase and sale orders through financial intermediaries and cannot always know or detect frequent trading that may be facilitated by the use of intermediaries or the use of group or omnibus accounts by those intermediaries. The Fund seeks to exercise its judgment in implementing these tools to the best of its abilities in a manner that the Fund believes is consistent with shareholder interests.

Monitoring Trading Practices. The Fund monitors selected trades in an effort to detect excessive short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Fund seeks to act in a manner that it believes is consistent with the best interests of shareholders. Due to the complexity and subjectivity involved in identifying abusive trading activity and the volume of shareholder transactions the Fund handles, there can be no assurance that the Fund's efforts will identify all trades or trading practices that may be considered abusive. In addition, the Fund's ability to monitor trades that are placed by individual shareholders within group or omnibus accounts maintained by financial intermediaries is limited because the Fund does not have simultaneous access to the underlying shareholder account information.

In compliance with Rule 22c-2 of the Investment Company Act of 1940, as amended, the Fund's Distributor, on behalf of the Fund, has entered into written agreements with each of the Fund's financial intermediaries, under which the intermediary must, upon request, provide the Fund with certain shareholder and identity trading information so that the Fund can enforce its market timing policies.

Fair Value Pricing. The Fund employs fair value pricing selectively to ensure greater accuracy in its daily NAV and to prevent dilution by frequent traders or market timers who seek to take advantage of temporary market anomalies. The Board has developed procedures which utilize fair value pricing when reliable market quotations are not readily available or the Fund's pricing service does not provide a valuation (or provides a valuation that in the judgment of the Advisor to the Fund does not represent the security's fair value), or when, in the judgment of the Advisor, events have rendered the market value unreliable. Valuing securities at fair value involves reliance on judgment. Fair value determinations are made in good faith in accordance with procedures adopted by the Board and valuation procedures are reviewed annually by the Board. There can be no assurance that the Fund will obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share.

Fair value pricing may be applied to non-U.S. securities. The trading hours for most non-U.S. securities end prior to the close of the NYSE, the time that the Fund's NAV is calculated. The occurrence of certain events after the close of non-U.S. markets, but prior to the close of the NYSE (such as a significant surge or decline in the U.S. market) often will result in an adjustment to the trading prices of non-U.S. securities when non-U.S. markets open on the following business day. If such events occur, each Fund may value non-U.S. securities at fair value, taking into account such events, when it calculates its NAV. Other types of securities that the Fund may hold for which fair value pricing might be required include, but are not limited to: (a) investments which are frequently traded and/or the market price of which the Advisor believes may be stale; (b) illiquid securities, including "restricted" securities and private placements for which there is no public market; (c) securities of an issuer that has entered

into a restructuring; (d) securities whose trading has been halted or suspended; and (e) fixed income securities that have gone into default and for which there is not a current market value quotation.

More detailed information regarding fair value pricing can be found under the heading titled, “Pricing of Fund Shares.”

TAX CONSEQUENCES

The Fund has elected and intends to continue to qualify to be treated as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). As a regulated investment company, the Fund will not be subject to federal income tax if it distributes its taxable income as required by the tax law and satisfies certain other requirements that are described in the SAI.

The Fund typically makes distributions of dividends and capital gains. Dividends are taxable to you as ordinary income or, under current law, as qualified dividend income, depending on the source of such income to the distributing Fund and the holding period of the Fund for its dividend-paying securities and of you for your Fund shares. Fund distributions of short-term capital gains are taxable as ordinary income. The rate you pay on capital gain distributions will depend on how long the Fund held the securities that generated the gains, not on how long you owned your Fund shares. You will be taxed in the same manner whether you receive your dividends and capital gain distributions in cash or reinvest them in additional Fund shares. Generally none or only a small portion of the income dividends paid to you as a result of the Fund’s investment in REITs is anticipated to be qualified dividend income eligible for taxation by individuals at long-term capital gain tax rates. An additional federal surtax of 3.8% applies to the net investment income (which generally will include dividends and capital gains from an investment in the Fund) of shareholders with adjusted gross income over \$200,000 for single filers and \$250,000 for married joint filers. Although distributions are generally taxable when received, certain distributions declared in October, November, or December to shareholders of record on a specified date in such a month but paid in January are taxable as if received the prior December.

By law, the Fund must withhold, as backup withholding, a percentage (currently 24%), at a rate under Section 3406 of the Code for U.S. residents, of your taxable distributions and redemption proceeds if you do not provide your correct Social Security or taxpayer identification number and certify that you are not subject to backup withholding, or if the Internal Revenue Service instructs the Fund to do so.

If you sell your Fund shares, it is a taxable event for you. Depending on the purchase price and the sale price of the shares you sell, you may have a gain or a loss on the transaction. You are responsible for any tax liabilities generated by your transaction. The Code limits the deductibility of capital losses in certain circumstances.

Additional information concerning the taxation of the Fund and its shareholders is contained in the SAI. Tax consequences are not the primary consideration of the Fund when making its investment decision. You should consult your own tax advisor concerning federal, state and local taxation of distributions from the Fund.

INDEX DESCRIPTIONS

The **S&P MidCap 400® Index** provides investors with a benchmark for mid-sized companies. The index, which is distinct from the large-cap S&P 500® Index, measures the performance of mid-sized companies, reflecting the distinctive risk and return characteristics of this market segment.

FINANCIAL HIGHLIGHTS

The financial highlights table is intended to help you understand the Fund's financial performance for the period of the Fund's operations. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been audited by Tait, Weller & Baker LLP, an independent registered public accounting firm, whose report, along with the Fund's financial statements, are included in the Fund's annual report, which is available upon request.

	Year Ended March 31, 2018	Year Ended March 31, 2017*
Net asset value, beginning of year	<u>\$11.67</u>	<u>\$10.00</u>
Income from investment operations:		
Net investment income	0.14	0.20
Net realized and unrealized gain on investments	<u>1.32</u>	<u>1.66</u>
Total from investment operations	<u>1.46</u>	<u>1.86</u>
Less distributions:		
From net investment income	(0.14)	(0.19)
From net realized gain on investments	<u>(0.33)</u>	--
Total distributions	<u>(0.47)</u>	<u>(0.19)</u>
Net asset value, end of year	<u>\$12.66</u>	<u>\$11.67</u>
Total return	12.54%	18.79%
Ratios/supplemental data:		
Net assets, end of year (thousands)	\$37,384	\$29,354
Ratio of expenses to average net assets:		
Before advisory fee waiver	1.42%	1.54%
After advisory fee waiver	1.25%	1.25%
Ratio of net investment income to average net assets:		
Before advisory fee waiver	0.93%	1.67%
After advisory fee waiver	1.10%	1.96%
Portfolio turnover rate	53.19%	41.73%

* Commencement of operations on April 1, 2016.

Milwaukee, Wisconsin 53202

PRIVACY NOTICE

The Fund collects non-public information about you from the following sources:

- Information we receive about you on applications or other forms;
- Information you give us orally; and/or
- Information about your transactions with us or others.

We do not disclose any non-public personal information about our customers or former customers without the customer's authorization, except as permitted by law or in response to inquiries from governmental authorities. We may share information with affiliated and unaffiliated third parties with whom we have contracts for servicing the Fund. We will provide unaffiliated third parties with only the information necessary to carry out their assigned responsibilities. We maintain physical, electronic and procedural safeguards to guard your non-public personal information and require third parties to treat your personal information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank, or trust company, the privacy policy of your financial intermediary would govern how your non-public personal information would be shared by those entities with unaffiliated third parties.

FOR MORE INFORMATION

You can find more information about the Fund in the following documents:

Statement of Additional Information

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Annual and Semi-Annual Reports

The Fund's annual and semi-annual reports (collectively, the "Shareholder Reports") provide the most recent financial reports and portfolio listings. The annual report contains a discussion of the market conditions and investment strategies that affected the Fund's performance during the Fund's previous fiscal year.

The SAI and Shareholder Reports are available free of charge on the Fund's website at www.coldstream.com/mutual-fund-home. You can obtain a free copy of the SAI and Shareholder Reports, request other information, or make general inquiries about the Fund by calling the Fund (toll-free) at 1-877-476-1909 or by writing to:

Aasgard Dividend Growth Small & Mid-Cap Fund
c/o U.S. Bancorp Fund Services, LLC
P.O. Box 701
Milwaukee, Wisconsin 53201-0701

You may review and copy information about the Fund, including the SAI and Shareholder Reports, at the Public Reference Room of the SEC in Washington, D.C. You can obtain information on the operation of the Public Reference Room by calling (202) 551-8090. Reports and other information about the Fund are also available:

- Free of charge from the SEC's EDGAR database on the SEC's website at <http://www.sec.gov>;
- For a fee, by writing to the Public Reference Section of the SEC, Washington, D.C. 20549-1520; or
- For a fee, by electronic request at the following e-mail address: publicinfo@sec.gov.

(The Trust's SEC Investment Company Act file number is 811-07959.)
